

The Charlottesville Free Clinic seeks a strategic and energetic leader to serve as its next Executive Director. The Charlottesville Free Clinic provides a high-quality medical, dental, mental health, and free medications for community members without affordable access to health care. In 2019, the Free Clinic served over 2,600 community members and had over 8,000 patient visits. The Free Clinic's pharmacy filled 27,000 prescriptions (for 30 days).

Reporting to the Board of Directors, the Executive Director (ED) partners closely with the Board, volunteers, and staff to achieve goals and objectives necessary to fulfill the mission of serving the community through an open door to healthcare. The ED has the overall strategic and operational responsibility for staffing, program development and delivery in support of this mission. The ED has oversight for the entire staff and has four direct reports. The ED serves as the ambassador for the Free Clinic externally with patients, the community, donors, partners, and others.

This is an incredible leadership opportunity for an individual who fully embraces the Free Clinic's mission, has strategic thinking skills, and has a strong external focus. Interested candidates should contact Jennifer Muller at CFC_ED@divsearch.com.
